Trust, Respect, Acceptance, Enjoyment, Responsibility, Equality, Honesty, Care and support for self and others

- **Centre Priorities**

- Nature Pedagogy
- Literacy
- Numeracy
- Transitions including home to centre, Occasional Care to Kindergarten and Kindergarten to School.

3. Curriculum

Framework used: **The Early Years Learning Framework**

The curriculum is developed in partnership with children through a play based program. Our staff work as a team to provide high quality teaching and learning programs within the context of the National Quality Framework for Early Childhood Education and Care.

Through the Framework's five learning goals, we will assist each child to develop:

- A strong sense of their identity
- Connections with their world
- A strong sense of wellbeing
- Confidence and involvement in their learning
- Effective communication skills

The staff

- Respect each child as an individual, and work to develop each child's confidence, competence and wellbeing.
- Plan from children's interests to support meaningful learning.
- Recognise the importance of an environment that values and supports the child's social and cultural context
- Ensure a balance of teacher initiated and child lead curriculum.
- Promote the development of language, literacy and numeracy skills.

Curriculum Initiative – Nature Pedagogy

Adelaide Miethke Preschool was one of 5 sites in the Preschool Outdoor Learning Area Project (POLA) to receive a redevelopment of the outdoor learning space focussing on nature play principles. Together with the community and architects the kindergarten staff worked to develop a nature play space that captures children's interests, supports them to take risks and learn in what is an exciting natural learning environment for children birth – school age.

The learning space was completed early in term 3, 2016.

The staff are committed to working as a team with the community to develop a joint understanding of the importance of children engaging with the natural environment and to that end are committed to extending opportunities for children to learn and play in the outdoor learning space. Staff have had the opportunity to be involved in a range of professional learning opportunities and there is a whole site commitment to developing how we work in and with nature.

The preschool teacher is expected to be committed to teaching and learning in the outdoor learning space and be leader in furthering the professional learning of the team in relation to nature pedagogy.

5. Centre Facilities

- **Buildings and grounds:**

The centre was established in 1952 and is well maintained with spacious rooms and grounds. Significant improvements have been made to the building since 2014.

The outdoor learning space is large and newly designed and established through our involvement in the POLA Project. There is a separate Occasional Care space however the two learning spaces are regularly integrated.

The DECD funded Occasional Care program was established in 2009 with the relocation of Hindmarsh Occasional Care. This service is now an additional program of Adelaide Miethke Preschool.

- **Site Capacity:**

Total site capacity 60 children

Includes preschool and occasional care spaces.

- **Centre Ownership:**

The site is leased by DfE and is situated on land owned by the City of Charles Sturt.

- **Access for children and staff with disabilities:**

Disabled access is available to the Centre via a ramp.

6. Local Community

- **General characteristics:**

The centre is situated in an established community in a residential area.

The centre is easily accessible by bus on Port Road.

The centre is located within walking distance to the Queen Elizabeth Hospital.

There are many services located within close proximity.

- **Parent and community involvement in the preschool:**

Many parents are in the paid work force and a high proportion of children have both parents in full or part time work or undertaking study. There is a high demand for full day sessions.

We have a small but active Governing Council.

Parents support staff through involvement in the curriculum and by assisting with a variety of tasks (cutting up fruit, odd jobs, working bees, etc.).

Parents are very involved in excursions and events throughout the year.

The centre holds an Annual Art Show as a major community function.

- **Schools to which children generally transfer from this preschool:**

The centre has children moving off to a large number of schools in the community. The 3 main feeder schools are:

Woodville Primary School

Whitefriars School

St Michaels College

Nazareth School

- **Other local care and educational facilities:**

Queen Elizabeth Hospital Community Child Care Centre

Various private child care facilities

- **Other local facilities**

The centre is located walking distance from the Queen Elizabeth Hospital and Woodville Oval, and has an adjacent Council playground.

- **Accessibility**

Public transport is readily available on Port Road.

- **Local Government**

City of Charles Sturt Council – phone 8408 1111

7. Further Comments

- **Partnership arrangements with other groups**

The centre is part of the Inner West Partnership and works closely with the DfE schools and preschools within the partnership. Agreed Partnership priorities underpin the work of all sites within the partnership and influence the centre's direction.

Closer links are being developed with Woodville Primary School through a transition to school focus.

8. Philosophy

The centre philosophy is available on the centre website.
